REPRESENTATIVE DRIEHAUS PUSHES FOR EDUCATION SUPPORT FOR UNEMPLOYED WORKERS

WASHINGTON, DC—Representative Steve Driehaus today spoke on the floor of the House of Representatives in support of a measure he introduced that would make it easier for displaced workers to access federal education grants. Rep. Driehaus's amendment would require states that receive education grants through the State Innovative Completion Grants program to include in grant applications how grant funding would be used to increase postsecondary enrollment and completion among dislocated workers. The amendment passed in the House by voice vote.
